

# A Look to the Future

While this card will imminently improve security and services to students, faculty, administrative and support staff, it will initially be used for identification, and for Athletics, Audio Visual, Library, and Shuttle Bus privileges. It will also provide you with certain discounts such as travel

and car rentals, as well as YWCA/YMCA membership rebates. Future developments will include building/door and computer access, as well as cashless/debit card services for purchases from the bookstores, cafeteria, photocopying/printing centres, and vending machines.

## Coming to Concordia This Fall!
